

Subject: Recommendation for Lerato Ditshego

Date: 18 January 2023

To whom it may concern,

This serves as a formal recommendation of the use of Master of Ceremony services from Lerato Ditshego, based on her wonderful hosting of our one of our evening functions during our event. From 30 November to 2 December 2022, a division of the CSIR, NICIS (National Integrated Cyber-Infrastructure System) hosted the CHPC National Conference at the CSIR ICC. The theme of the event was the 'Democratisation of cyber infrastructure for sustainable development' (www.chpcconf.co.za)

The conference attracted delegates and speakers from all over the world and was sponsored by global brands such as: Intel, HP, Lenovo and DELL and as such partnering with the right facilitators was key to ensuring the integrity of the event. One such facilitator is Lerato Ditshego, she facilitated the Awards event where tech enthusiasts were celebrated and recognised for their innovative capabilities. Lerato facilitated this event with energy, excitement and a clear demonstration and understanding of the theme, she carried a celebratory tone throughout the event which many people enjoyed and commented on. A lot of this depended on preparedness. Lerato came to the event before the awards evening and spoke to the heads of the competitions to ensure she has a full grasp of the content that would inform her scripting.

Choosing Lerato to facilitate your event would be a great decision. We thoroughly enjoyed her energy and dedication to the mission; we intend to use her services again in the near future and we hope you will get to experience and enjoy her services as much as we have.

For anything further, please don't hesitate to contact me.
